DETAILED ACTION

Drawings

1. The drawings were received on 26JUL04. These drawings are acceptable.

Response to Arguments

2. Applicant's arguments, see page 13, filed 26JUL04, with respect to claims 1, 8, & 15-17 have been fully considered and are persuasive. The rejections of claims 1, 8, & 15-17 have been withdrawn. Although Burrows teaches fittings, which secure a mounting plate to a logistics track, without the key in place the mounting plate would be allowed to freely move in the longitudinal direction, therefore the key of Burrows actually is the device, which secures the mounting plate from moving in the longitudinal direction.

Allowable Subject Matter

3. Claims 1-21 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art does not show or make obvious Applicant's fittings adapted to removably engage a logistic track at an opening therein, attached to the mounting plate for securing said mounting plate to the logistic track in a longitudinal direction in conjunction with a plurality of keys, logistic straps, and cam blocks.
